

# 49 *and* MARKET

## SPECTRUM GARDENIA CLUSTER KIT DIRECTIONS

### TOOLS REQUIRED:

Paper Trimmer, Double-Sided Tape or Glue, Craft Knife and Scissors.

Optional: Foam Tape & Sanding Tool.

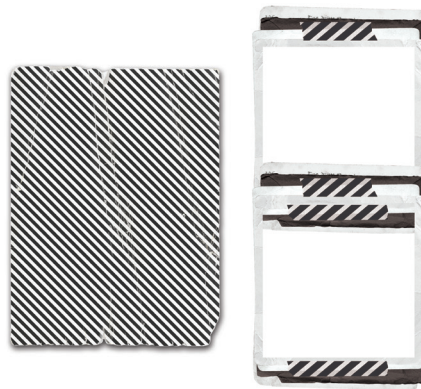

**PREPARATION:** Carefully remove all the laser cut pieces and printed chipboard from the packaging. Using a craft knife, turn to the reverse of the sheet and carefully cut the “pins” or nodules off each of the pieces. Sand off any residue of the nodules to leave a smooth edge.

Tip: Look at the finished piece image - if pieces won't show, you can trim back unseen portion of laser cuts to use elsewhere.

# CLUSTER #1

Begin by assembling the various pieces shown. The bow and buttons will be found in the trinket bag. Frame, white heart and label holder are on the chipboard sheet. All other pieces are from the laser cut elements.

Start to assemble and adhere pieces together. Above shows the two laser cut frames (you can save one for later and cut in half to use on top and bottom as it will be hidden). Place the diagonal stripe piece so it lies as shown in the next image.

Add the leaves and doily (you can cut the doily in half as it will not show - see next image - just a bit on the right side will peek out).

Add the two black/white labels on the sides along with the blue and pink butterflies. Add photos behind the chipboard frame and top off with white heart.

Add the green laser cut button along with pink button on the top right corner. To finish, add the green butterfly, bow, label and button on the bottom left corner.

## CLUSTER #2

Begin by assembling the various pieces shown. The two buttons will be found in the trinket bag. Inner black frame and black heart are chipboard. All other pieces are from the laser cut elements. (Note the kit comes with several word strips - interchange to fit your needs).

Start to assemble and adhere pieces together. Begin by adding the pink doily behind the large laser cut frame. Next, add the chipboard frame on top. Note there will be a little gap at the bottom opening of inner frame - you'll cover this with strip in next step.

Add the floral laser cut and diagonal striped piece.

Add the pink lace at top edge of the diagonal striped piece. Follow by adding the large black chipboard heart and laser cut white heart button.

Finish with the word strip of your choice as well as the two real buttons found in trinket pack.

# DIAPER PIN CLUSTERS

Begin by assembling the various pieces shown. The red circle and reel are from the chipboard sheet; banner and heart button from the laser cuts; diaper pin, bow and rimmed button from trinket bag.

Score the banner to desired height and fold over the diaper pin. Secure with adhesive. Add the colored reel on top as shown.

Finish by adding the other bits.

Begin by assembling the various pieces shown. The black circle and purple heart are chipboard; banners, button and butterflies from laser cuts; diaper pin is from trinket bag.

Score the banner to desired heights and fold over the diaper pin. Secure with adhesive. Add the purple butterfly as shown.

Finish by adding the other bits.

Begin by assembling the various pieces shown. The banners, white heart, labels and butterflies from laser cuts; diaper pin and rimmed button are from trinket bag.

Score the banner to desired height and fold over the diaper pin. Secure with adhesive. Add the floral piece and the two diagonal striped pieces.

Finish by adding the other bits.
